

**Reference Number:** FOI202223/091  
**From:** Commercial  
**Date:** 30 May 2022  
**Subject:** Total number of patients with obstetric brachial plexus nerve injuries and number of new referrals of such patients received for each year from 2001 - 2021

**Q1** Total number of patients with obstetric brachial plexus nerve injuries (Erb's Palsy) currently registered under the care of the nerve service/unit at Alder Hey. If obstetric brachial plexus nerve injury patients cannot be identified then please supply total number of brachial plexus nerve injury patients currently registered at the unit.

**A1** Seven

**Q2** Number of new referrals of such patients received by the Nerve Service/Unit annually for each year from 2001 until and including 2021.

**A2** Information not held – Referrals are not made directly to the Nerve Unit but go into a wider department.
