

**Reference Number:** FOI202223/135  
**From:** Private Individual  
**Date:** 22 June 2022  
**Subject:** Hospital equipment - end-of-life process; disposal process and supplier, equipment details current and end-of-life

I would like to make a FOI information request regarding hospital equipment.

I would like to know (segmented by hospital):-

- Q1 The process which the hospital follows for end-of-life equipment
- A1 [End of life equipment is either disposed of in accordance with local policy and national regulations or re-sold through a specialist medical device auction house](#)
- Q2 The process by which the hospital decides that an equipment has reached its end of life
- A2 [There are many factors which determine the end of life of a medical device, the factor determines the process followed. Factors include but are not limited to: End of Original Equipment Manufacturer \(OEM\) support, no longer compliant with current clinical guidance, advised to be decommissioned by medical device regulators due to safety concerns, has reached the end of its OEM defined useful life, is surplus to requirements.](#)
- Q3 Which companies the hospital works with in order to dispose of / sell off / repurpose... medical equipment
- A3 [British Medical Auctions](#)
- Q4 The past data which the hospital has on where equipment has gone
- A4 [Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data.](#)
- Q5 The data on which medical equipment that the hospital has which is about to reach its end of life
- A5 [Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data.](#)
- Q6 The data on which medical equipment the hospital currently has, when it was sourced and where it was sourced from, at what price
- A6 [Please see attached document: FOI 135 Response](#)

## FOI 135 Response
