Subject: Spend on a list of products for antisepsis and wound care

Q1 I wonder if you can assist me with an internal supply/spend project of our products (see listed below). This will allow me to check the Hospital Trusts data to ascertain if product is being used appropriately.

I really appreciate your support in my prophylactic approach in trying to ensure appropriate usage/ spend at these challenging times.

A1 Cost breakdowns have been exempted (Section 43) due to the potential damage to commercial interests of the current suppliers as release of this information and any other unique pricing likely to be requested for disclosure would allow other competitors a significant competitive advantage and thus harm the commercial interests of our current suppliers.

We can provide you with the total costs for the time periods requested.

Please see attached document: *FOI 281 Response*

ANTISEPSIS					Unit			if possible
Product Code	NHS SC CAT. CODE				Last 12 months spend (£) *	Jan- June 2022 spend (£)	Route of Supply	Biggest ward/ unit spend
