

**Reference Number:** FOI202122305  
**From:** Commercial  
**Date:** 15 October 2021  
**Subject:** Dravet Syndrome

**Q1** What services are provided by your hospital for patients with Dravet syndrome?

**A1** Services for Dravet syndrome are available at Alder Hey covering the following:-

- Treatment initiation
- Titration of dose
- Monitoring
- Review of clinical presentations
- Ongoing prescription of treatments
- Completing the Blueteq forms (where required)

**Q2** If services are not provided at your hospital

- Where are patients referred to?
- What services do they receive at the other location (see above list for examples)?

**A2** Information not held; not applicable as per A1
