Q2 Do you, or have you ever used temporary pod/side rooms as part of your IPC measures?

A2 As part of IPC measures for covid segregation, screening has been introduced and occupancy limited as per social distancing and IPC guidance within waiting rooms/open plan settings. We are fortunate enough to have ample single rooms throughout the new hospital building.

Q3 What company did you use and how many were procured?

A3 Screens (these are spread across clinical/waiting area/staff break and offices):
Kwik Screen – 443 procured

No temporary side room/pods were necessary for patients given the design of our hospital.

Q4 Were these purchased, rented or leased?

A4 Screens have been purchased and general furniture arrangements within the building were reconfigured on a long-term basis.

Q5 Under contract for rental and maintenance?

A5 No. All existing rooms and facilities are covered under PFI contract.
