Subject: Organisational Chart for your Procurement Department, including Logistics and Warehousing and other associated sub-units of the Procurement and Purchasing function

Q1 The organisational chart for your procurement department, including logistics and warehousing and other associated sub-units of the procurement and purchasing function.

Please include the job titles and Agenda for Change banding. For those instances where there are multiple people employed in the same role (for example, by way of a hypothetical: "contract manager" or "materials manager"), please include a headcount and FTE for that role.

Please also include the names of people on this organisational chart only where appropriate. I appreciate that many of the people on the chart will be too junior to have their names released and I would ask that you redact them.
