Subject: Venous Thromboembolic Disease

Q1 How many patients in your Trust had SNOMED CT code Venous Thromboembolic Disease: 429098002, included in their patient record during A) 2021, B) 2022, C) 2023.

A1 Information not held - We do not code our patients with SNOMED codes.

Q2 Does your Trust use the National Venous Thromboembolism (VTE) risk assessment tool? If no, does your Trust have its own risk assessment tool?

A2 No, we do not use the National VTE risk assessment tool, there is a VTE risk checklist our electronic patient record system although as a paediatric hospital the Trust is not required to report on VTE.

Q3 Who is responsible for the implementation of your Trust's VTE risk assessment tool?

A3 Information not held – as per A2

Q4 What training do you have in place to ensure the adoption of the VTE risk assessment tool in clinical practice?

A4 Information not held - as per A2
