

Reference Number: FOIAH2324/604
From: Private Individual
Date: 29 January 2024
Subject: Gynaecology Waiting Lists

Q1 How many people have been on waiting lists for gynaecology treatment between 30 January 2021 and 30 January 2024?

How long is the average wait for treatment in gynaecology in this period?

If you could, please break the figures down by year and by the general type of treatment

A1 In response to your FOI, please see attached document for data from January 2022 to January 2024. We do not hold September 2023 waitlist position as the Trust were going through an upgrade of the Electronic Patient Record (EPR) System and did not submit a waitlist position nationally for that month.

Please note, we do not hold the information from 2018 – 2021 and can only provide data from 2022 onwards as the Trust underwent a Safe Waiting List Management Programme from 2020 concluding in 2021.

FOI 2023_24_604_ Gynaecology Waits

How many people have been on waiting lists for gynaecology treatment between 30 January 2021 and 30 January 2024?

How long is the average wait for treatment in gynaecology in this period?

If you could, please break the figures down by year and by the general type of treatment in Excel format.
