**Subject:** Smoke free policy for NHS staff

Q1 I am looking for policy information about second hand smoke exposure to staff undertaking home visits. Could you provide me with the latest smoke free policy (pdf) for your organisation.

Could you also provide some additional details about any documented ongoing plans to update the current policy

A1 Please see attached our current Smoke Free Policy which refers to second hand smoking, but not specifically to second hand smoking during home visits.

In terms of the policy itself, it has a review date of February 2025 and is currently in date. Feedback from the current document author indicates no further reviews of the document are planned prior to the documents review date of February 2025.
