

**Reference Number:** FOIAH2425/218  
**From:** Commercial  
**Date:** 19 July 2024  
**Subject:** Spend for software, details of digital teams and Integration Engine

Q1 How much money has the Trust spent on EPR (Electronic Patient Record software) over the last 12 months?

A1 [Annual Value of Contract - £688,799.74](#)

Q2 More broadly, how much money has the Trust spent on any type of software in the last 12 months (e.g. EPR, PAS, TIE, etc - please factor in all types of software)?

A2 [Computer Software / License Fees - £1,422,752](#)

Q3 Does the Trust have a TIE (Trust Integration Engine), or a centralised integration platform of any kind? If so, who is the vendor and name of the platform (e.g. InterSystems Ensemble, Orion Health Rhapsody, etc)?

A3 [Summit Express Connect / MIRTH](#)

Q4 How many people are in the Trust's digital integration team (employees responsible for integrating software, e.g. EPR, with other software)?

A4 [2 FTE](#)

Q5 More broadly, how many people does the Trust employ who have some kind of a Digital, Data or Technology (DDaT) role?

A5 [141- this is a shared service between Liverpool Heart and Chest Hospital and Alder Hey Children's Hospital.](#)
