Subject: Inventory Management System and Models for Housekeeping Staff

Q1 Do you use an inventory management system to order stock?

A1 No

Q2 If you do, please could you let me know the name of the system.

A2 Not applicable, as per A1

Q3 Could you please also share with me your models for housekeeper staff e.g. how many staff per ward/patient number

A3 Information not held – the Trust does not hold this information centrally as part of its management or performance data; each ward holds its own specific data, and this information differs from ward to ward.
