- Q1 I was wondering whether you could assist me in confirming whether your hospital had this service - a tertiary level NICU with paediatric surgical cover around the date of 13/09/2016.
- A1 No- we have never had a designated NICU at Alder Hey. It has always been a Neonatal Surgical Unit only.
- Q2 If not, would it be possible to advise which hospitals had such a service in Liverpool, Oldham, Manchester similar distance.
- A2 Information not held; we cannot provide information on behalf of other Trusts. We can only provide centrally held, corporate information on behalf of Alder Hey Children's Hospital.
